- The maximum score by all players on each hole will be +4. If a player is assured of scoring no better than +4 on the hole, they MUST pick up and continue to the next hole.
- Parents must remain on the cart paths and at least 30 yards from the players. Parents are encouraged to serve as forecaddies ahead of play to spot shots. Once the player arrives in the area, the parents should leave the area immediately without giving any advice to the player. Parents and spectators should not inject themselves into the competition by trying to serve as a Rules Official.
- Each school may have one designated coach that will receive an identifying wrist band. Coaches will have the option to attend a certification class at the State Championship. Non-certified coaches may only speak to their players between the putting green and the teeing ground on the next hole. During the play of the hole, the non-certified coaches should not be speaking to the players. Certified coaches will also have the ability to talk to the players during the play of the hole (without holding up pace of play), but may not walk on the putting green or enter hazards except during a search. Players are considered individual competitors for this competition.
- **Registration is completed on an individual basis for this event and online registration is encouraged.** Teams can consist of any combination of boys and girls attending the same school. Players at feeder schools may be a part of a team if they will definitively attend that school in the future. There is no limit on the number of teams entered from the same school. After completing individual registration, coaches or parents may submit a team listing through e-mail to Michael Vick at mvick@kygolf.org. Teams must consist of at least 4 players and no more than 5 players. Team rosters must be submitted no later than midnight on **Friday, September 2nd, 2022**.
